Case No. AP-84-18

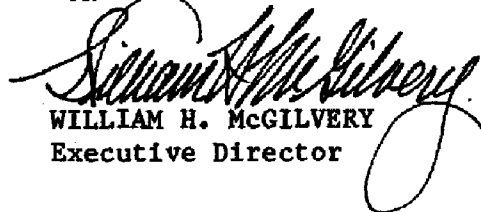

By motion filed September 25, 1984, The Airport Connection, Inc., ("TAC"), seeks an additional extension of time through September 28, 1984, to comply with the requirement of Order No. 2578, served July 13, 1984, that it identify its vehicles with WMATC Certificate No. 111.

In support of its motion TAC states that it ordered decals for all of its vehicles on or about July 13, 1984, that the decals have not yet arrived, and that they are expected "within the next three days."

For good cause shown the motion will be granted.

THEREFORE, IT IS ORDERED that The Airport Connection, Inc., is hereby directed to file two copies of an affidavit certifying compliance with Commission Regulation No. 68 governing identification of vehicles, not later than Friday, September 28, 1984.
